

SoulWork Retreat 2024: *Illuminating All the Selves*

All are welcome as we enter the intention to bring the light of the cosmos to all our inner selves, from the most refined to the most coarse and then to the world. Join our SoulWork sangha for a time of guided SoulWork meditations, inquiry, Dances of Universal Peace, chanting, movement & sharing.

*Like a great
starving beast
My body is quivering
Fixed
On the scent
Of Light.
